476	0.2	7	3
483	0.1	8	1.5
485	0.075	6	2
488	0.1	8	1.5

Note:-  
 \* Due to the lack of reliable survey marks in the vicinity, the position of boundaries relative to structures are approximate only. Any construction to be carried out in the vicinity of boundaries (or close to Council minimum boundary clearances) should only occur after further boundary definition work is carried out to accurately define the boundaries.  
 \* The purpose of this plan is for preparation of landscape plans only.
